

## **Sensational Entertainers Performance Cancellation Policy**

Performers rely on contract work for their income. When a client confirms a performance, the performers decline other opportunities for that time slot. If the client later cancels the performance, it is crucial to compensate the performers for the effort of finding new work and for the lost opportunities due to their commitment to the initial confirmation.

Additionally, the administration, quotes, and organization of performers for your event are funded by the gigs we secure. Please respect our administrators' time and effort by promptly paying your cancellation fee.

### **Cancellation Fees:**

- More than 2 months before the confirmed gig: **No fee**
- Less than 2 months but **more than 1 month** before the confirmed gig: **20% fee**
- Less than 1 month but **more than 1 week** before the confirmed gig: **50% fee**
- Less than 1 week but **more than 48 hours** before the confirmed gig: **75% fee**
- **Less than 48 hours before the confirmed gig: 100% fee**

This policy ensures fair compensation for performers and acknowledges the impact of cancellations on their professional commitments.
